ENTERTAINMENT MIRROR TVS

Add a sophisticated yet functional piece of art to your home or business by installing a REFLEXIO Mirror TV. When the TV is switched off, the 4K Mirror TV reverts back to a decorative mirror, bringing the illusion of a larger space that comes with traditional mirrors. REFLEXIO Mirror TVs offer a stunning visual effect, with a sleek and subtle contemporary design; it is truly a TV that looks like a mirror. Our “Entertainment” type mirror is less reflective than our “Vanity” type mirror, and is utilized in high ambient light areas so that a strong image quality can be maintained.

VISIONAIR-E Entertainment Mirror TVs are also available with a number of custom framed options to perfectly match your home decor.
