INTERACTIVE ADVERTISING SCREENS

Our mirror advertising screens are also available in an interactive version, enhanced with an IR Touch frame. This cutting-edge technology turns the mirror into a fully responsive, touch-sensitive display, enabling users to engage with the content in a dynamic and intuitive way. Perfectly suited for retail stores, dressing rooms, and immersive interactive experiences, this interactive feature provides customers with the opportunity to explore promotions, view detailed product information, try on virtual outfits, and even access personalized recommendations—all with just the touch of a finger. This enhanced functionality not only creates a more memorable and engaging customer experience but also elevates your brand by adding a modern, high-tech edge. Whether it's creating an engaging shopping journey or providing a seamless blend of technology and design, our interactive mirror screens offer endless possibilities to captivate and connect with your audience in a fun, innovative, and unforgettable way.

CUSTOM MIRROR SIZES AVAILABLE

Transform any space with the innovative elegance of our custom REFLEXIO Mirror displays. Available in a wide range of sizes, up to an impressive 96" x 72", our Mirror Glass is the perfect addition to any setting, whether it's a home gym, luxury hotel, corporate office, or retail store. Designed to enhance both functionality and style, the 4K Mirror TV effortlessly blends into your surroundings. When not in use, it transforms into a sleek, decorative mirror, offering a seamless balance of technology and aesthetics. With Visionair-e's custom mirror screens, you have the flexibility to create displays of any size, shape, or design to ensure the perfect integration into your space, providing a unique and sophisticated solution for modern interiors.
